

IETE

IETE Students Forum (ISF)

Establishment: 23rd June 2012

Vision:

Reaching the unreached and empowering the youth through Technical Education and Skill Development

Mission:

Advancement of Electronics, Telecommunication, Information Technology & other related disciplines; to contribute in nation's Human Resource & Infrastructure Development through our engineers

Aims & Objectives:

To promote the general advancement of Electronics & Telecommunication Engineering, Computer Science & Engineering, Information Technology and allied subjects & application of these (referred to as the discipline henceforth) and to facilitate the exchange of information and ideas on these subjects amongst IETE members:

For achieving these, IETE:

- Organize conferences, symposia, workshops and brain-storming sessions involving all concerned professionals, students and industry associations for the advancement of the discipline
- Provide a forum for discussion on national policies and to provide suitable inputs to policy makers.
- Promote and conduct basic Electronics and Telecommunication Engineering and continuing technical education programmes on these subjects for human resource development.
- Stimulate research and development in the microwave, radar and wireless technologies.
- Facilitate formulation and implementation of national standard for products and services in the discipline.
- Enlarge membership base and provide facilities to members to update their professional skills.
- Bring out quality publications for all levels of readership.
- Honour outstanding professionals.
- Organise resource centres and data bases.
- Facilitate inter-disciplinary interaction with other organisations and individuals within and outside the country for the promotion of the discipline.
- Develop the Institution's infrastructure at various centres and expand their activities.
